Notions Stitch markers, tapestry needle, T-pins for blocking, blocking wires (optional)

Gauge 19 sts and 24 rows = 4" (10 cm) in Pattern from Chart 2, after blocking

Notes

-Shawl is worked back and forth with lace patterning on both RS and WS. Note that each chart has RS and WS instructions for symbols, where applicable. Symbols with only RS definitions only occur on the RS of fabric.

-If you do not prefer to work bobbles into your shawl, they may easily be omitted by substituting a single knit stitch for each bobble symbol in Charts.

-In Section II, yarnover increases are purled on the foll (WS) row.

Shawl

Using a provisional method (see p.64), CO 3 sts. Do not join; work back and forth in rows. Knit 6 rows (3 garter ridges).

Next Row (RS): K3, place marker (pm), pick up and knit 3 sts from side of garter st strip (picking up 1 st per ridge), pm, carefully unpick provisional cast-on and slip the 3 sts to LH needle, k3 – 9 sts.

Next Row (WS): K3, sl m, p1, pm, p1, pm, p1, sl m, k3.

Note: Each chart in pattern is worked between first and second markers, and between third and fourth markers. First and last 3 sts (Border sts) are worked in garter st throughout. Single st between second and third markers (Center st) is worked in St st throughout.

Section I

Next Row (RS): K3, sl m, work Row 1 of Chart 1 to second m, sl m, k1, sl m, work Row 1 of Chart 1 to fourth m, sl m, k3. Cont as est through Row 20 of Chart 1 – 49 sts.

Section II

Next Row (RS): K3, sl m, yo, work Row 1 of Chart 2 to second m, yo, sl m, k1, sl m, yo, work Row 1 of Chart 2 to fourth m, yo, sl m, k3 – 53 sts. Cont increasing as est (with yarnovers worked after first and third m, and before second and fourth m), working new sts into Chart 2 patt as they become available. [Note that if you do not have enough sts to work a Chart patt yarnover with its accompanying decrease, then work the extra sts in St st.] Work as est through Row 8 of Chart 2, then rep Rows 1-8 four more times, then rep Rows 1-4 once (44 rows worked in patt from Chart 2) – 137 sts.

Section III

Next Row (RS): K3, sl m, work Row 1 of Chart 3 to second m (working 14-st rep 3 times), sl m, k1, sl m, work Row 1 of Chart 3 to fourth m (working 14-st rep 3 times), sl m, k3 – 141 sts. Work as est through Row 3 of Chart 3 – 145 sts.

Section IV

Next Row (WS): K3, sl m, work Set-up Row of Chart 4 to second m (working 14-st rep 4 times), sl m, p1, sl m, work Set-up Row of Chart 4 to fourth m (working 14-st rep 4 times), sl m, k3. Work as est through Chart Row 25 – 197 sts.

Next Row (WS): K3, remove m, p to 2 sts before next m, pm, p5 (removing original markers), pm, p to last m, remove m, k3. Break yarn. You now have 5 sts marked off at tip of triangle.

Edging

With new ball of yarn and RS of shawl facing you, CO 20 sts onto LH needle tip, using the Long-Tail method (see p.64).

Next Row (RS): K19 newly CO sts, then ktog last newly CO st with first live st of Shawl (Join St).

Next Row (WS): Turn work; sl 1 wyif, k to end.

Rep last 2 rows twice more.

Next Row (RS): K19, work Join St.

Next Row (WS): Turn work; sl 1 wyif, p to end.

Next Row (RS): K2, [yo, k2tog] twice, yo, k1, yo, k2, ssk, k6, yo twice, ssk, work Join St.

Next Row (WS): Turn work; work Row 2 of Edging Chart to end. Work through Row 12 of Edging Chart, consuming live Shawl sts with Join St at the end of every RS row as you go. Rep Rows 1-12 of Edging Chart until you have consumed all sts up to the first m, ending with a WS row. Remove m.

Turn Corner

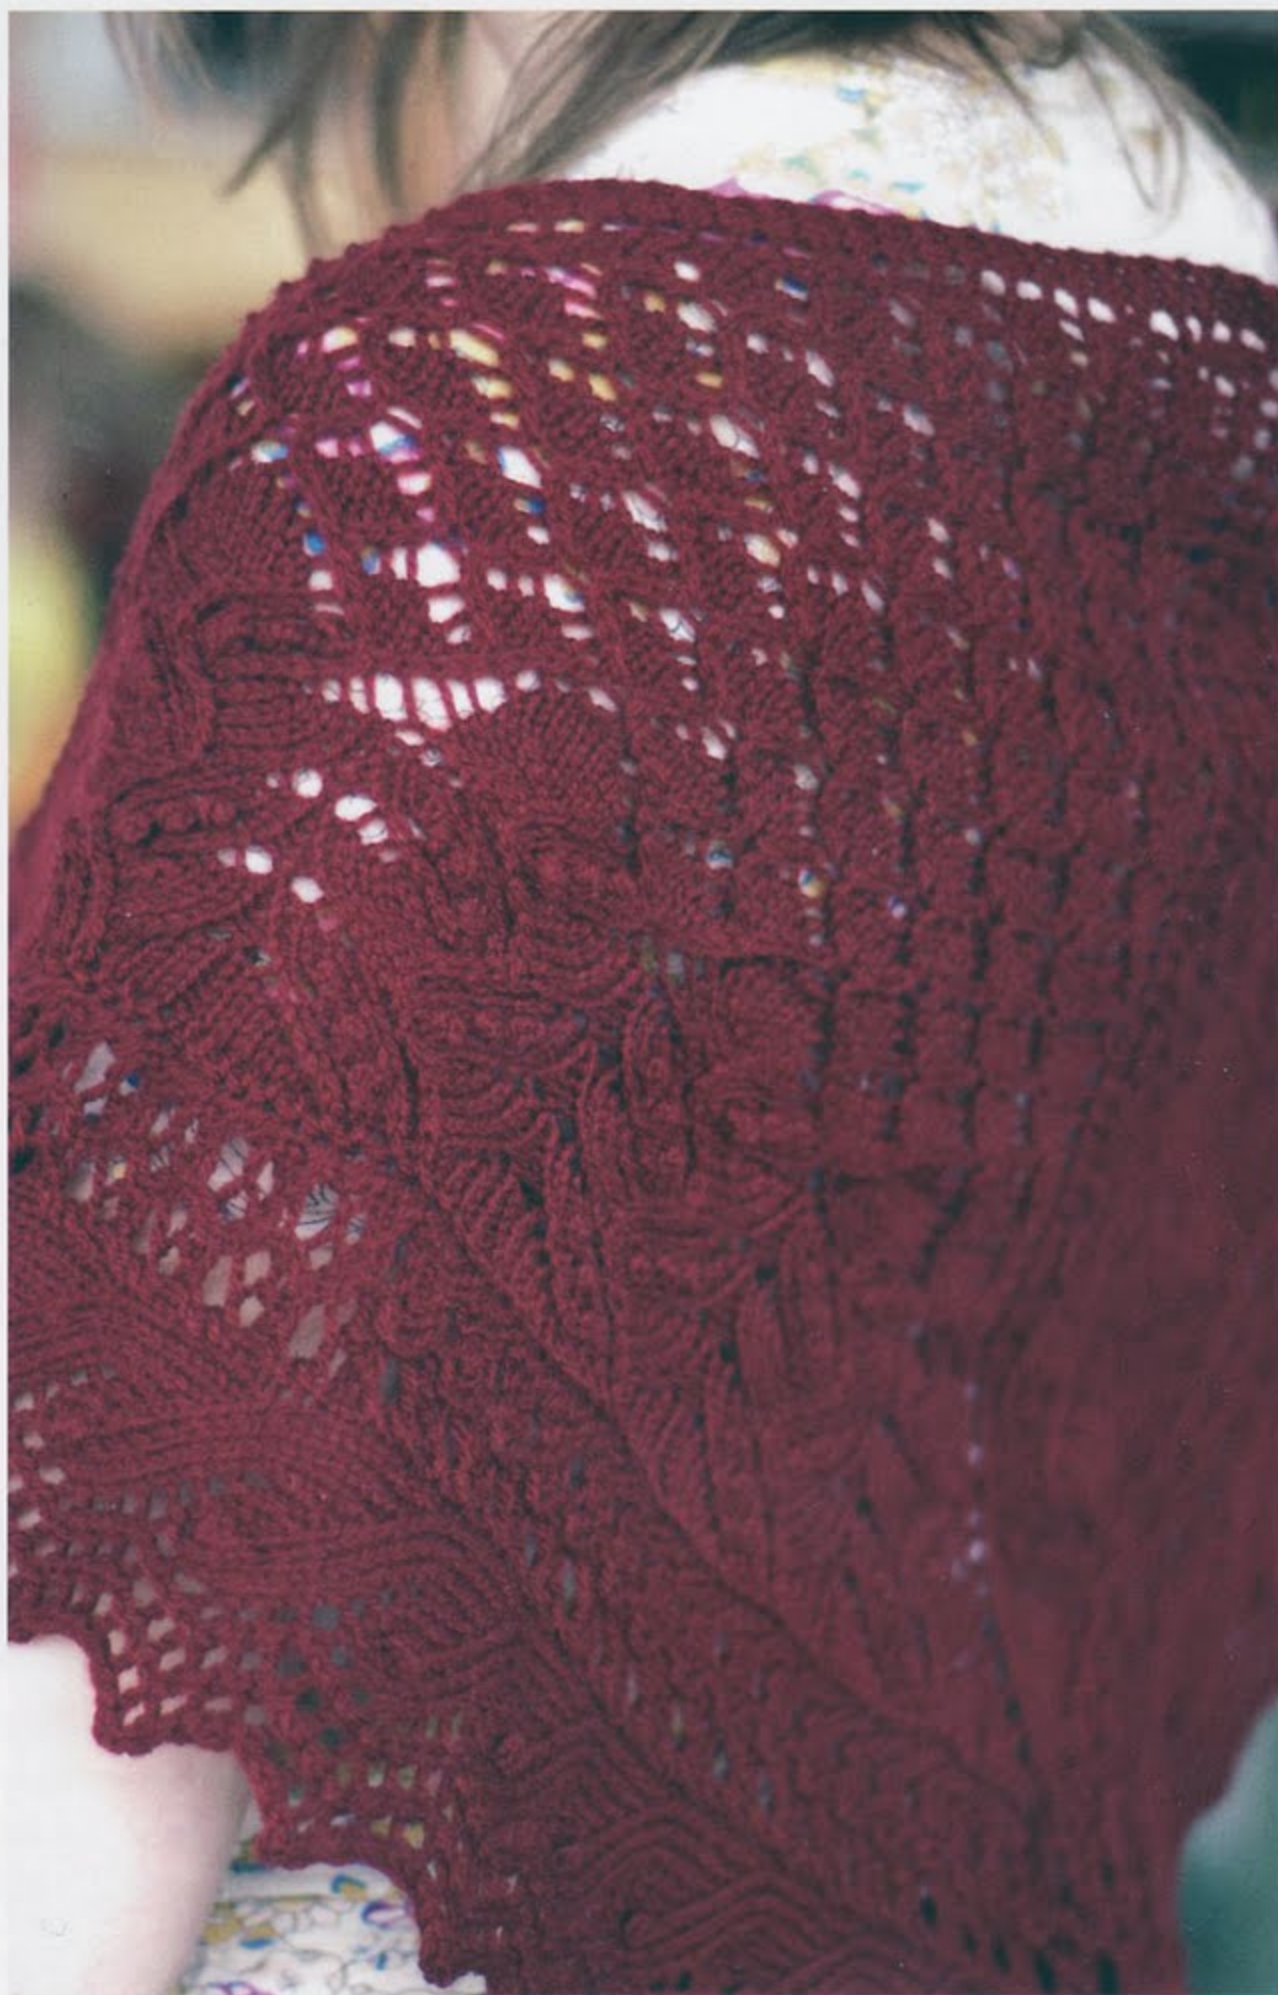

Cont joining edging to the 5 center sts of Shawl with the foll change: work 4 rows of the edging per join instead of the previous 2 rows. Work 2 rows of Edging Chart as before, joining at end of RS row.

Next RS row: Work Edging Chart to last st and omit Join St and replace it with a knit st.

Next Row (WS): Work next (WS) row of Edging Chart. Rep last 4 rows 4 more times – 5 center sts joined.

Resume working Edging Chart as before (working Join St at end of every RS row), until 3 live Shawl sts rem, ending with a WS row.

Next Row (RS): Knit to last edging st, work Join St.

Next Row (WS): Turn; sl 1 wyif, k to end.

Rep last 2 rows once more. BO edging sts knitwise to last Edging st, ktog last Edging st with last Shawl st and complete BO.

Finishing

Weave in ends without clipping. Block to measurements. Carefully clip woven-in ends.

Notes

-The Argyle pattern is designed so that three repeats fit perfectly between the shoulders. Therefore the chart pattern is slightly larger for each size. Note that the charts have a lower section (Charts A1 and A2) and an upper section (Charts B1 and B2). You must work both lower sections concurrently, then both upper sections concurrently. Please make careful note of the beginning and ending rows and stitches for the size you are making.

-When beginning the chart pattern, work the first diamond in CC1, second in CC2, and third in CC1. Alternate the diamond colours as shown in photo.

-The chart pattern is to be worked using the intarsia method. Wind a separate bobbin for each section of colour. Be sure to twist yarns on the WS when changing colours in order to avoid holes.

Notebook

As much as they may want to, it's quite impossible for designers to outline every trick and technique in every pattern they write - there simply isn't enough room in most printed patterns. In these two pages, we hope to highlight some techniques used in the patterns in this issue which might be useful not only in the construction of these garments and accessories but for others as well.

In the cardigan shown above, the pattern calls for buttonholes knit in using waste yarn which are grafted later. However, these were finished using Lucy Neatby's 'Magic Buttonhole' and not only lie flatter but have sufficient stretch to use bold buttons with ease. Her instructions for this technique can be found on her 'Finesse Your Knitting vol.1' DVD or through www.Patternfish.com as a technique sheet (924 The Magic Buttonhole).

The edging for the Juneberry Triangle on page 8 runs perpendicular to the body of the shawl, yet its cast on and bind off edges gracefully follow the diagonal. This trick isn't accomplished through the use of short rows or a naturally biasing stitch pattern, but rather through simple blocking. When the shawl is complete, a wet-blocking method should be used and the outside edges should be pinned out, although blocking wires would certainly speed the process. Some knitters use dedicated blocking boards, but polystyrene insulation panels are also favored by many as they are easily obtainable and can be configured to suit many shapes.

Severe blocking isn't only used for lace shawls and stoles - the pullover on page 30 was also knit on a larger than usual needle then blocked to its final measurements. Because the resulting garment is sheer, bind off edges weren't used to shape the neckline and the top of the sleeves; short rows shape these with minimal show, while side and raglan seams act as decorative elements.

Special Techniques

Three Needle Bind-Off

Place sts to be joined on each of two needles, with right sides facing, and with needle tips pointing in the same direction. With a third needle the same size, k2tog (1 st from each needle), slipping them off their respective needles at once—1 st on third needle. *K2tog again slipping off respective needles (2 sts on third needle), pass first st on the third needle over second st; rep from * to end.

Kitchener Stitch

This is a method of sewing live sts together in a way that mimics a row of knitting. When you are finished, it will look like one continuous piece of knitting (no seam).

Place the two sides to be joined on each of two needles, with tips pointing in the same direction. Cut the yarn from the ball leaving a very long tail (about 4 times the length of the seam). The strand is attached to the last stitch that was knit—put this needle at the back, and have the other one facing you. Thread the yarn onto a tapestry needle.

Step 1: Front: Insert the tapestry needle purlwise into the first st of the front needle and slip the stitch off the needle, pulling the yarn through.

Step 2: Back: Insert the tapestry needle knitwise into the first st of the back needle and slip the stitch off the needle, pulling the yarn through.

Step 3: Front: Insert the tapestry needle from RS to WS down through the middle of the last st taken off the needle, then purlwise into the next st on the needle, slipping the st off the needle and pulling the yarn through.

Step 4: Back: Insert the tapestry needle from RS to WS through the middle of the last st taken off the needle, then kwise into the next st on the needle, slipping the st off the needle and pulling the yarn through.

Rep Steps 3-4 until no more sts rem.

To end, insert the tapestry needle from RS to WS down through the last st taken off the front needle, pull yarn through, then insert tapestry needle from RS to WS down through the last st taken off the back needle.

Note that you are sewing through two sts at a time back and forth between the front and back needles and that every st gets worked into twice.

Long-Tail Cast-On

Leaving a tail of about 1" (2.5 cm) of yarn for each stitch to be cast on, make a slipknot in the yarn and place it on the right-hand needle, with the tail to the front and the ball end to the back. Insert the thumb and index finger of your left hand between the strands of yarn so that the working end is around your index finger, and the tail end is around your thumb. *Insert tip of right-hand needle into the front loop on the thumb, hook the strand of yarn coming from the index finger from back to front, and draw it through the loop on your thumb; remove thumb from loop and gently tighten the new stitch on the right-hand needle; return your thumb and index finger to their original positions; repeat from * until the required number of stitches have been cast on.

Provisional Cast-On

Using a crochet hook one or two sizes larger than the knitting needles you will be using for the project and a strand of waste yarn in a contrasting color (preferably a smooth yarn), crochet a chain several sts longer than the required number you will need to cast on for the piece.

With knitting needles and working yarn, pick up and knit the required number of sts for the piece out of the "bumps" of the crochet chain, leaving a couple of unworked chain sts on either end. When you are ready to return to the sts of the provisional cast-on, undo the end of the crochet chain and "unzip" it, leaving the live sts ready to be worked in the opposite direction. Transfer the sts to the knitting needles as you undo the crochet chain. Note that you will have one less st than you cast on when you are working in the opposite direction.
